Head Coach

KANO Michihisa

狩野 倫久

The Head Coach said after announcing the final squad that " We are delighted to be playing in the FIFA U-17 Women's World Cup™ and our players are looking forward to it. We, the U-17 Japan Women's National Team, want to play aggressive, attacking, and pressing football in India and show that we are willing to take on bold challenges. Players in this age group had gone through number of school closures and cancellation of many school events, such as the sports festival and school trips (due to the pandemic). We want to make it a tournament where the players can express their joy of playing their favourite game at the world stage."
